Northwest Wines

Laurent Montalieu is the owner and winemaker at Northwest Wines, a custom crush facility in McMinnville Oregon. Laurent was the winemaker at Willakenzie, and has his own label, Solena Cellars. Northwest Wines utilizes small 5-ton fermenters, and small rotary barrel fermenters. The wines are stoppered with the Alcoa glass top, a very elegant seal.

Marr Cellars

Bob Marr makes exceptional wines by hand. He drives his pickup truck out to the vineyards he has chosen, picks up the grapes and brings them back to his winery, which is housed in a cinder-block storage space near Davis. He produces about 2,000 cases of hand-crafted wines, sourcing grapes from the best vineyards. He doesn't fine, filter or rack. A California garagiste!
